Pi In The Sky

Team

- Aparajithan Venkateswaran
- Jared Cantilina
- Meghan Donohoe
- Matt Behrens
- Andrew Barlow

Deployment

The website was deployed from a linux server being run on our Raspberry Pi, using Apache, PHP, and MySql. It can be accessed through the link below, and has a special grader's account set up (as a superuser). The username and password can be found in the README on GitHub.
